## Breakdown of testing by testing strategy 'pillars'

**Pillar 1:** swab testing in Public Health England (PHE) labs and NHS hospitals for those with a clinical need, and health and care workers

**Pillar 2:** swab testing for the wider population, as set out in government guidance

**Pillar 3:** serology testing to show if people have antibodies from having had COVID-19

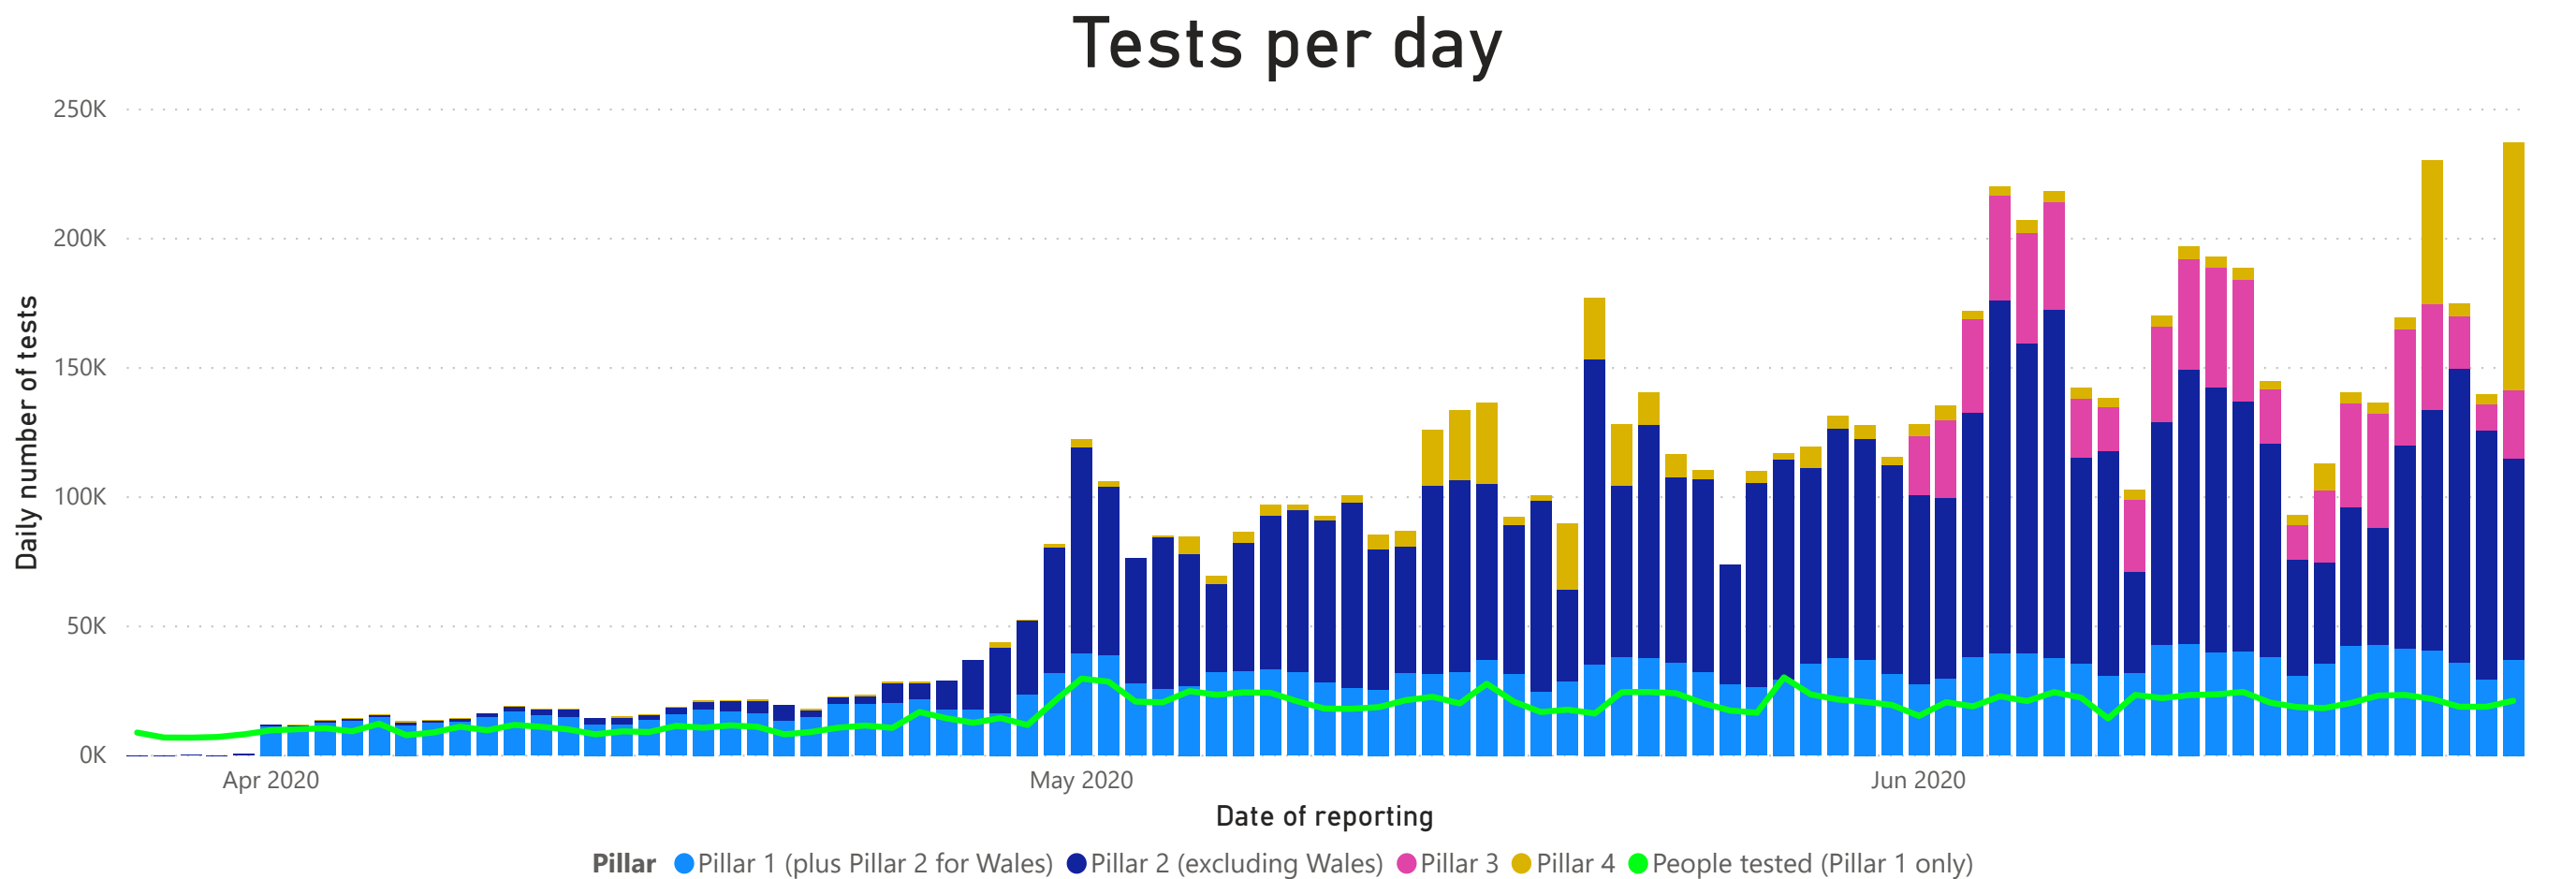

**Pillar 4:** serology and swab testing for national surveillance supported by PHE, ONS, Biobank, universities and other partners to learn more about the prevalence and spread of the virus and for other testing research purposes, for example on the accuracy and ease of use of home testing
